Walk lasted between 12:00 and 13:52. Tournament Park was open.

We had a pretty good day. We observed 25 species, 5 above the median and 7 below the maximum for the week. The best bird was the Hermit Thrush. It was sitting out in the open on a branch in the Maintenance Yard. Everyone got a good look. The Say's Phoebe was equally cooperative. No Bushtits was the big surprise. But, overall, not half bad.
