Walk lasted between 12:00 and 14:10. Tournament Park was closed.

We had a good walk. Weather was perfect and the birds were plentiful. Highlight birds were the 4 American White Pelicans, a bit further to the north than the last batch, but still a beautiful sight. The 27 species was short of the record of 32 for the week but well above the median of 19. So, not half-bad.
