1	Orange-crowned	Warbler	0.38
15	Yellow-rumped	Warbler	1
7	Acorn	Woodpecker	1
1	Nuttall's	Woodpecker	0.25
1	Bewick's	Wren	0.75

Walk lasted between 12:00 and 14:17

Wow, what a walk! We set a record for the week with 31 species observed. It was just after a big rain storm so I think the birds were getting out while the gettin' was good. If you look at [http://birdwalks.caltech.edu/bird\\_data/species\\_time.html](http://birdwalks.caltech.edu/bird_data/species_time.html) week 8's previous record high of 29

was a little low and this 31 brought it up to where it should be. Highlight birds were the Hermit thrush, Spotted Towhee, and three different hawks. Exceptional walk!

Alan,
