Walk lasted between 12:00 and 14:05. Tournament Park still closed.

The predicted number of species was 22.7 and we saw 23. So, we got an extra 0.3 of a bird. Not bad on the predicting side. We had a new walker. Diane Santana became the 189th individual to walk the Caltech bird walk. She brought the total number of person-walks to 6178, accumulated since the walks began in 1986. Welcome, Diane, and we hope to see you again soon.
