Walk lasted between 12:00 and 14:00. Tournament Park still closed.

So, we had the most walkers in a long time, 6, but we got the lowest total number of species in a long time, 16. My Momma told me there'd be days like this! We did welcome back a sporadic walker, Mr. Chip O'Connor. He plans to be more regular now that he is newly retired. I tell you what was disconcerting: we only saw one Yellow-rumped Warbler. They were 100% probable this week and are 86% and 57% probable for the next two weeks, respectively. We shall see what happens. Seems like they may be disappearing a little early this yellow-rumped season. If they are gone, they should be back on week 40.
