4	Acorn	Woodpecker	26
1	Downy	Woodpecker	27
1	Bewick's	Wren	28

Walk lasted between 12:00 and 14:15. Tournament Park still closed.

Wow, what a walk! I didn't get to participate, but Viveca, Chris, and Lynn tied the record for a week 16 with 28 species identified. Great going! One lonely Yellow-rumped Warbler was still there. It had a 57% probability of being listed. Next week the probability of seeing any is 29%, so still possible. Probability drops to zero at week 18.
