Walk lasted between 12:00 to 13:35. Tournament Park was closed, as it has been for months. We had a new walker! In the middle of a pandemic, no less. Christine Moreno joined us and she became the 186th individual to walk a Caltech bird walk. So, thanks for coming, Chris, and I hope to see you next week and again and again. Christine is a neighbor and friend of Viveca so there's a good chance she will continue. We had an OK day, back to the more usual 16 species after last week's fiasco. The weather wasn't bad and I imagine that helped.

As Viveca would say: See you all soon with mask-covered faces!
