Walk lasted between 12:00 and 13:33. Tournament Park was open.

It was hot. We did manage 14 species, which was 2 above the median for the week and 3.1 short of the predicted. The lowlights were all the fairly probable ones we missed: House Finch (0.75 probable), Dark-eyed Junco (0.62), Red-masked Parakeet (0.62), Band-tailed Pigeon (0.62), and California Towhee (0.62). We did get a couple of hawks to partially offset that. Once again, better luck to us next week and hope for cooler weather.
