Walk lasted between 12:00 to 13:47. We had a great walk; we tied the record for the week! And we had a few unusual birds: the swallow, the Downy, and 2 Rock Pigeons. But Chris came up with the find of the day, an opossum. First one I've seen on campus. It was in a tree just outside the northeast corner of Dabney Gardens. The picture needs rotating clockwise 90°.
