Walk lasted between 12:00 to 13:45. Maintenance yard and tournament park are still closed.

Chris found the two most interesting birds of the day: the Black-throated Gray Warblers and the Orange-crowned Warbler. The black-throated were over by the Child Care Center and the orange-crowned was near the North end of Dabney Gardens, but across the sidewalk to the East. We did the walk on Saturday due to the heavy smoke earlier in the week. The air quality seemed Ok and there was a lot less gardener noise. But, we will be back at it on Wednesday, air quality permitting.
