Walk lasted between 12:00 and 14:00. Tournament Park was open.

We welcomed a new walker, Barbara Yorke. Barbara is our 208<sup>th</sup> individual to walk the Caltech bird walk and brings our cumulative person-walks to 6610. We started out well and thought we had a chance to break the record of 24 for the week, but we missed a lot of "easy" ones and fell short. Our 19 did beat the median for the week by 1 but we needed 5 more to tie the record. We missed the following, all of which had at least a 50% probability: Band-tailed Pigeon, House Finch, Anna's Hummingbird, Selasphorus-style Hummingbird, Mallard, Say's Phoebe, House Sparrow, and California Towhee. We did see a Hummbird sp., so I count about 7 we had to get our 5. Shoulda, woulda , coulda!
