Walk lasted between 12:00 and 13:57

We were pleased to have Mickey Areeda join us again. She lives in Michigan, but is in town for a while visiting Viveca. She brought us one of the highlight birds of the day, the American Goldfinches. She may also take some credit for the American Robins, but I don't think she had anything to do with the White-throated Swifts, but we'll take them. So, three highlight birds. Not bad. We observed 22 species, 2.1 above the prediction and 4 above the median, so not bad either. Overall, a not-half-bad walk.
