Walk lasted between 12:00 and 14:07. Tournament Park was open.

We had a good walk. We hit our predicted number of 22 species. Well, actually the prediction was 22.2 so we fell short by 0.2 of a bird, but who's counting? We have two more walks to go to close out the year and then I get to make new checklists with new probabilities. How fun! If I can remember how to do it!
